## BENEFITS in BOND INVESTMENTS

- **Regular income** : Investors receive regular income generated by the coupon payments throughout the life of the bond
- **Higher return** : Bond yields are likely to be higher compared to regular bank deposit rates
- **Potential capital gain** : If the bond was purchased at a discount, then investors benefit from a capital appreciation if they hold the bond till maturity since the proceeds will be paid at par. This may also apply to bonds purchased at a premium where the investor sells the bonds in the secondary market, where the selling price is higher than the original purchase price.

## RISK DISCLOSURE

- **Market Risk.** Bonds may be subject to fluctuations in value and other risks inherent in investing in the securities. The value of a bond may fall as it may rise due to numerous factors, including, but not limited to, variations in the frequency and magnitude of changes in interest rates and inflation outlook. The value of the bonds may increase or decrease throughout their tenor.
- **Interest Rate Risk.** Investors are exposed to the movement of interest rates whenever their bonds are sold prior to maturity. It is possible that the value of the bonds held may be worth less than the original purchase price due to changes in market interest rates. As interest rates move upwards, the value of the bonds generally falls. Moreover, the longer the tenor of the bonds, the more sensitive the bonds will be to interest rate changes.

### \* Product Risk Level : Medium

- The price volatility of the product is medium. Active market monitoring and management may be required to control the relevant risks.
- This product may be suitable for investors who are happy to accept medium to high level of investment risk.

### \*\* Product Risk Level : Medium to High

- The price volatility of the product is medium to high. Customers may need to realise immediate loss of certain portion of the capital. Careful selection of product and active market monitoring and management may be required to control the relevant risks.
- This product may be suitable for investors who are happy to accept medium to high level of investment risk

- **Price Risk.** Bondholders may purchase a bond either at a discount, par or premium. For secondary market trading where bonds are sold at a premium, investors should consider the purchase price, the par value at maturity, the accrued interest that will be paid and coupon that will be received over the holding period. For bondholders who intend to sell the bonds prior to maturity should take into account the original purchase price versus the selling price.
- **Price vs Yield to Maturity.** Bonds may be purchased at a discount or a premium, where the purchase price has an inverse relationship with the yield to maturity (YTM). Investors buying bonds at a discount will have a higher YTM versus buying the bonds at a premium will result to a lower YTM.
- **Liquidity Risk.** HSBC does not guarantee it will buy the Bonds at any pre-agreed price or pre-agreed date in case the holder decides to unload the Bonds prior the maturity date. The Bank will repurchase the bonds at the prevailing market price, and may subject to the minimum trading size and a bookbuilding process.
- **Credit Risk.** The holder of the Bonds bears the risk of the Issuer. Credit ratings are assigned on the bond issuer's financial strength and past record of debt repayment. Further, investments are not covered by the Philippine Deposit Insurance Corporation (PDIC) and are not guaranteed by HSBC. There is also the possibility that the Issuer will be unable to make coupon and/or principal payments.
- **Reinvestment Risk.** The investor faces the risk that coupons received may be invested at yields lower than the yield at time of purchase.
- **Exchange Risk.** An investor, the majority of whose income and assets are not denominated in the currency of the investment, will be subject to fluctuations in exchange rates which could positively or negatively affect the investor's return upon conversion into his/her local currency.

## IMPORTANT INFORMATION

### BANGKO SENTRAL ng PILIPINAS (BSP) CIRCULAR 392 and its RELATED REGULATIONS

The Bangko Sentral ng Pilipinas (BSP), in July of 2003, issued **Circular No. 392, Series of 2003**, which requires all securities sold by banks on a “**without recourse basis**” (i.e. the bank has no liability to the buyer of securities in paying the obligation due on the security) to be delivered to the buyer/purchaser of securities through any of the following means:

- (a) **If the security is evidenced by a certificate of indebtedness**, the certificate must be transferred in the name of the purchaser/buyer and physically delivered to the purchaser/buyer or to his designated BSP-accredited third party custodian.
- (b) **If the security is immobilized or dematerialized** (i.e. the security is not evidenced by a certificate of indebtedness and instead a security account is created in the electronic books of the registry in the name of the purchaser/buyer or his designated custodian):
  - i. The security must be delivered by book-entry transfer to the appropriate securities account of the buyer in the registry of said securities, which must be evidenced by a confirmation in writing by the registrar to the buyer. The confirmation of sale or document of conveyance shall be physically delivered by the seller or dealer to the buyer, or
  - ii. The security must be delivered by book-entry transfer to the appropriate securities account of the BSP-accredited third party custodian designated by the buyer/purchaser in the registry of said securities, which must be evidenced by a confirmation in writing by the registrar to the said BSP-accredited third party custodian, who shall in turn issue to the securities owner a delivery receipt acknowledging receipt of the securities.

Circular 392 is part of a package of reforms to support the development of the domestic capital market through enhanced investor protection and greater market transparency. It provides for a more defined role and responsibilities for the custodians and registrars and a stricter supervision and regulation thereof by the BSP. It aims to provide the client with the following benefits:

- a. Full control and possession of the securities purchased;
- b. Independent validation of the existence of securities purchased;
- c. Regular reporting of securities holdings; and
- d. Capability to choose most competitive counter-parties in case of sale, pledge, transfer and lending of securities.

Moreover, Circular No. 392, which amends CBP Circular 437-74, seeks to address the changes in the legal framework brought by the developments in the market, i.e. where purchase of securities may be evidenced not only by transfer of certificates but also by electronic book-entry transfer of ownership in the books of the registrar for said security.

As an investor, therefore, of securities which is dematerialized or scripless, you have the **option** to require your dealer/broker to deliver the securities to you by requiring them to have the securities registered directly in **your name in the registry** of said securities **or** by requiring them to have the securities registered in the name of the **BSP-accredited third party custodian** of your choice who in turn will credit your securities account with them.

The **registry** is a BSP-accredited bank or non-bank financial institution (NBFI) designated or appointed by the Issuer to (1) maintain the securities registry book, (2) record the (a) issuance of the securities and (b) subsequent transfer of ownership thereof; and (3) issue registry confirmation to the buyers/holders of security.

The **custodian**, on the other hand, is a BSP-accredited bank or NBFI designated by the investor to safekeep the security by allowing it to hold title to the security, either in a nominee or trustee capacity, to enable it to perform the following administrative functions/services related to investing in a security or various securities: i) Mark to market valuation of a security that will enable the client to know the value of his investment at any period in time; ii) compute and collect the interest due on the security; iii) render statements on outstanding securities under safekeeping; iv) represent the client (per its instruction) in the events of default or breach of contract of the issuer; and v) lend the security of the clients as “agent” that will enable the client to earn additional income on the security.

The registrars and custodians underwent a rigorous evaluation process by the BSP to determine whether they have the following: i) adequate capital to cover for potential operating risks related to performing its custody functions; ii) a competent management team to manage the company with responsibility and proper corporate ethics; iii) a robust technology system to operate the custody business efficiently; and iv) a favorable track record or significant experience in the custody business or related business. They will also undergo regular audit by the BSP to ensure that they comply with BSP rules and regulations and will be subject to penalties and administrative sanctions for any violation thereof.

## IMPORTANT INFORMATION

### BANGKO SENTRAL ng PILIPINAS (BSP) CIRCULAR 392 and its RELATED REGULATIONS

As of date, BSP has accredited the following registrars and custodians: Bank of the Philippines Islands, Citibank N.A., Deutsche Bank, The Hongkong and Shanghai Banking Corporation, Philippine Depository and Trust Corporation, and Standard Chartered Bank.

The Registry of Scripless Securities (RoSS) operated by the Bureau of Treasury (BTR), which is acting as a registry for government securities, is automatically accredited as a securities registry. However, the BTR, as registry, cannot act as custodian of government securities pursuant to the opinion of the Secretary of Justice rendered on 17 January 2005 due to an irreconcilable conflict of loyalties that is anathema to agency if the same institution were to act as registrar and custodian at the same time.

The custodian shall render periodic reports on your account balances on a quarterly basis, or at such interval as you may require. Moreover, the custodian shall issue to you a confirmation of any transfer of ownership as it occurs, in either electronic or printed forms. Said reports shall be delivered/mailed directly at your address unless you give a written instruction directly to the custodian to deliver the said reports to your designated person/entity. You are, however, required to acknowledge in the written instruction that you are designating another person/entity to receive the periodic reports from the custodian, notwithstanding contrary advice of the BSP.

The above-mentioned arrangements may change once the BSP issues more detailed implementing rules and guidelines to the above-mentioned circulars. Your selling bank must update you if and when these developments occur.

### SECURITIES and EXCHANGE COMMISSION MEMORANDUM CIRCULAR 14

The Securities and Exchange Commission (SEC), in October 2006, issued Circular 14 governing the rules in the Over-the-Counter (OTC) Market to introduce investor protection, elevate market integrity and improve market transparency for the development of the capital market. This Circular will affect new purchases and sale of Philippine Peso and Foreign Currency Denominated Fixed Income instruments.

The Circular segregates the duties of dealers and brokers, where the former acquire and trade securities for their own account, and the latter buy and sell securities for the account of others. Investors who opt to participate as a qualified investor can directly buy or sell securities in the OTC Market, subject to the SEC requirements for classification as a qualified investor. Investors who opt not to participate as a qualified investor are classified as Public Investors, and must have to appoint a broker, duly licensed by the SEC, if they wish to buy or sell securities in the OTC Market.

A quotation system or trading platform is also a requirement under the Circular. The quotation system is used by dealers or brokers to make known to others their interest in transactions in any security, including offers to buy or sell a security at a stated price or otherwise, or invitations of offers to buy or sell, either for the account of customers or for the principal account. Investors are required to provide a quotation, either a bid or offer at a specified price, with respect to a security. This quotation system is owned and operated by the Philippine Dealing and Exchange Corporation (PDeX). At present, only Philippine Peso trades are coursed thru the Exchange.

Further, the Circular also provides for all trades to be handled in Delivery-versus-Payment (DvP) mode, which is a global standard mode of settlement for securities transactions wherein there is a simultaneous exchange of the seller's securities and the buyer's cash.

The following documents will be needed to allow The Hongkong and Shanghai Banking Corporation Limited-Philippine Branch (HSBC), in our capacity as a Broker Participant, to continue to process your transactions as a public investor:

1. **Letter of Appointment**  
This document appoints HSBC as your Broker to buy or sell securities on your behalf.
2. **Bank Authorization Letter** (not applicable for ROP Eurobonds at the moment)  
This document specifically designates your chosen bank account for different transaction types (including Government Security trades) through the Philippine Dealing and Exchange Corporation (PDEX). This also signifies the Cash Settlement Bank's, in this case, HSBC's, acceptance of the terms of the Authority to debit/credit and grants the authority necessary to effect instructions to cause the debiting/crediting of relevant accounts.

**Note that HSBC has limited its services as Cash Settlement Bank exclusively to HSBC clients and only to those trades done with HSBC as the customer's duly-appointed Broker.**

2. Power and Authority as Settlement Bank. HSBC is hereby authorized to receive such proceeds, income, interest, dividends, profits, payments and all other sums accruing to and due to the Securities as the Client's Settlement Bank specially designated for the purpose.

3. Limitation of Liability. All actions that HSBC takes as the Client's duly constituted attorney-in-fact pursuant to this authority shall be for the Client's account and risk. HSBC may refuse to act and shall have no liability for such refusal to act on any instructions given by the Client if it believes, in good faith, that such instructions are contrary to any law, rule, or regulatory requirement.

The Client will not hold HSBC responsible nor liable for any failure or delay in the performance of its obligations as its attorney-in-act, or for any loss, impairment or damage, arising out of or caused directly by circumstance beyond its control such as but not limited to acts of God, earthquake, fires, floods, civil or military disturbances, sabotage / loss / interruption / malfunction of power/communication utilities or computer hardware or software, labor disputes, or acts of civil/military/government authorities that effectively prevent or delay the performance of specific obligations stipulated herein. The Client shall hold HSBC free and harmless and shall indemnify it for any claim, liability, or loss incurred in the performance of its functions as attorney-in-fact, except for those due to its gross negligence or fraud.

The Client will not hold HSBC or its affiliates responsible for the acts, omissions, defaults or insolvency of any third party including, but not limited to, any registry, custodian, broker, counterparty, or issuer of securities. HSBC Savings Bank has no responsibility for the selection or monitoring of any registry, custodian, or third party.

The Client shall not hold HSBC nor any of its affiliates, or parent companies, and their head offices and other branches, liable for unavailability of foreign currency funds or legal tender funds which may be owed by the issuer to the Client, whether the unavailability be due to restrictions on convertibility or transferability, moratoria, requisitions, involuntary transfers, distraints of any character, exercise of military or usurped powers, acts of war or civil strife, or other similar causes beyond its control.

4. Funds. HSBC shall have the option, but not the obligation, to advance the necessary funds to carry out its authority granted hereunder. Immediately upon HSBC's demand, the Client shall reimburse HSBC for such advances. All sums due to HSBC shall be payable on demand and shall draw interest at the applicable auction average of the 91-day Treasury Bill rate on the last business day immediately preceding the demand, computed from the date of demand until date of full payment.

5. Transfer of Information. The Client authorizes the transfer, disclosure and communication of any information relating to its securities account/s or any information thereon, to any of the offices, affiliates, agents and representatives of HSBC and third parties selected by any of them, wherever situated, for use in connection with the provision of any service or product relating to the Client's account/s (including data processing and storage, anti-money laundering monitoring, review and reporting, statistical and risk analysis purposes).

The foregoing constitutes the Client's written consent for any transfer and disclosure of information relating to the Client's account/s for the purposes indicated above and under applicable laws, rules and regulations.

The Client agrees to hold HSBC free and harmless from any liability that may arise from any transfer, disclosure or storage of information relating to the Client's account/s.

6. Effectivity. The Client agrees that this Special Power of Attorney shall take effect immediately upon its execution, and supersedes any previous Special Power of Attorney that the Client may have executed on the same matter.

7. Termination. This Special Power of Attorney may be terminated upon written notice to HSBC, and with the copy of such written notice of termination given to the Custodian. Such termination shall not prejudice transactions entered into and obligations incurred pursuant to Sections 1 and 2 hereof, prior to the date of termination.

8. Governing Law & Jurisdiction. This Special Power of Attorney and Undertaking shall be governed by the laws of the Republic of the Philippines, and any court case with respect thereto shall be filed exclusively in the proper courts sitting in Makati City.

9. Undertaking. The Client undertakes that all securities it has purchased or will purchase from banks and non-bank financial institutions have been delivered or will be delivered to the Custodian. Should the Client fail to deliver to the Custodian all securities outstanding as of the date stipulated by local regulations, HSBC may be constrained by regulations from further selling securities to the Client.

10. Authority to Pay/Set-off. HSBC is authorized to debit and set-off from any amount otherwise payable to the Client, the applicable fees of the securities registry and Custodian, as well as all costs, expenses and charges incurred in connection with the Securities, including the applicable administrative and warehousing fees, and such other amounts, costs, fees and expenses incurred or advanced by HSBC as the Client's attorney-in-fact or in the discharge of HSBC obligations under this special power of attorney, as well as any taxes or deductions required by law. HSBC is likewise authorized to immediately apply and compensate or set-off toward the partial or full liquidation of any amount or amounts advanced by HSBC to the Client or on behalf of the Client, including borrowings or overdrafts, against any of the deposit, fund, security or other property or accounts of the Client with HSBC or any of its affiliates, without prejudice to the adoption by HSBC of any other step or action, which in its sole discretion, is needed to protect its rights and interests.
