

A new way to pay

Introducing HSBC's Contactless Credit Cards

[In detail](#) [Contactless payment merchants](#) [Quick Reminders](#)

HSBC Contactless Credit Cards

Always in a rush? That's why here at HSBC, we are always looking for ways to make your life more convenient.

Introducing - HSBC's Contactless Credit Cards

The ultimate in convenience

With HSBC's Contactless Credit Cards, no swiping is necessary when paying for your transactions. Simply tap your card at designated Contactless Credit Card payment terminals here and abroad. What's more, transactions worth PHP2,000 and below do not require a signature or PIN, making your transaction much faster to complete!

The ultimate in security

Contactless card technology was created not just to provide you the ultimate in shopping convenience. When paying a contactless transaction, your credit card never has to leave your hands, making it safe and secure.

Your new HSBC credit card also has an EMV (Europay, MasterCard and Visa) Chip embedded in it, which provides you with the global standard in credit card security controls. With the EMV Chip, the chance of your card being compromised is greatly reduced. Now, you can truly be confident in using your HSBC credit card anywhere in the world.

* Subject to Terms & Conditions of MasterCard and Visa acquiring banks

HSBC Contactless Credit Card - Related Terms and Conditions apply.

Contactless payment – here's how

Step 1

Look for the contactless symbol

Step 2

Inform the cashier you would like to pay using your HSBC Contactless Credit Card. The cashier will enter the purchase amount into the terminal which is then displayed on the Contactless Credit Card reader.

Step 3

When the light on the terminal blinks, hold your card over the reader at close range (less than 4cm).

Step 4

A green light appears when the transaction is approved. This takes less than a second. As an option, you can have a receipt printed. No signature or PIN is required for transactions amounting to PHP2,000 and below.

*Photos used for the Contactless Credit Card terminal are for reference purposes only. Actual terminals used in establishments may vary.

Quick Reminders

Using your new HSBC Contactless Credit Card is a snap but here are some quick reminders to ensure smooth and safe use of your card at various establishments.

- Ensure that you sign at the back of your card immediately upon receipt of your card
- Destroy your old card
- Your HSBC Contactless Credit Card may be used to pay for purchases of any amount at accredited contactless merchant establishments. Please note that contactless transactions in the amount of PHP2,000 or less do not require you to sign on the charge slip.
- Always keep an eye on your card when you give it to the store personnel to pay for your purchases
- Always compare the amount on the charge slip with the total amount on your receipt
- Review your credit card SOA to check for unfamiliar transactions. Call (02) 85-800 to check on transactions you may not remember paying for
- Lastly, always pay on time at least the minimum amount due to avoid being charged late fees and other charges

* Subject to Terms & Conditions of MasterCard and Visa acquiring banks.
