

Applying for an HSBC Credit Card online

Click the Apply now button of the card you choose and breeze through our new online application form with this guide!

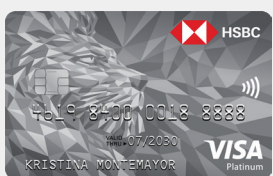

* The SMS-OTP will be sent to the mobile number you typed in.

** This involves you taking a selfie and video. Read through the tips below for more information.

Tips when applying online

- Make sure your internet connection is strong and stable.
- Have your mobile phone with you.
- Have on-hand the following:
 1. Your valid local ID
 2. Your credit card from another local bank (credit card should be at least 12 months and you should be the primary cardholder)
 3. Optional: your income documents such as your payslips (income documents should have been issued within the past 30 days from your application date) or your ITR (latest).
- For the digital identity verification step, follow the instructions shown on the screen.
 1. The camera will capture your half-body and not just the face.
 2. Take the selfie as if you are getting an ID picture taken, i.e. against a solid background, no obstructions on your face like a mask, scarf, or hat, and avoid unnecessary movements.
- When taking a photo of your ID, lay down the ID on a plain, dark surface.
- If you will upload your supporting documents, best to upload in JPEG file format with a maximum file size of 5MB each. For the filename, it should not have special characters.

Choose the credit card that's right for you
