International Transfers on your browser

Ready the correct details needed to make sure your international transfer is a success.
Ask your beneficiary to provide you with the IBAN or Swift Code of the receiving bank if the receiving bank requires it.
For International Transfers on your app, move to the next page.

1 Log in to www.hsbc.com.ph using your Secure Key.

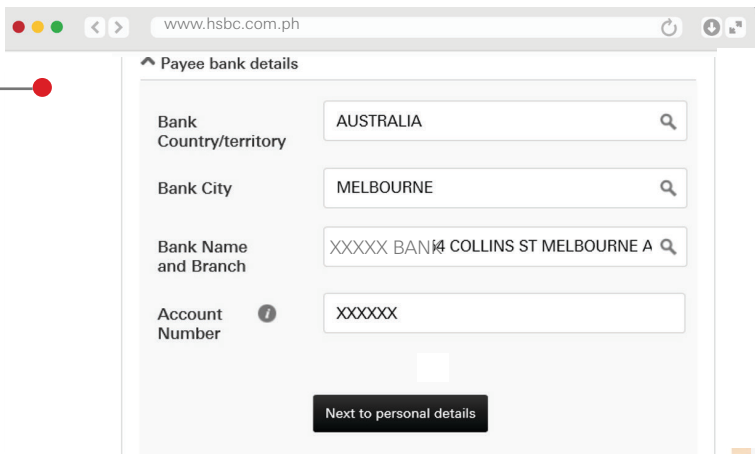

2 From the **My Banking** menu, click **New payment or transfer**.

3 Choose the account you'll send money from then click **New Payee**, then **Person**.

4 Fill out the required information starting with Payee bank details:

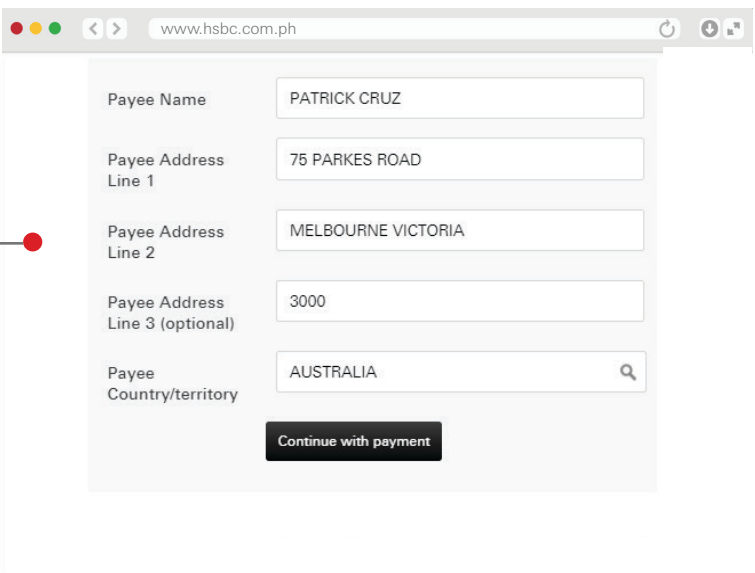

- a. Search and select the Payee bank **Country/ Territory**. If the receiving country is not in the list, select "Other". A different set of fields will appear, fill these out as required then click "Next to personal details"
- b. Select the receiving Bank's City
- c. Under **Bank Name and Branch**, search and select the name of the receiving bank.
- d. Enter the account number then click **Next to personal details**.

5 Complete the Payee personal details:

- a. Provide the **Payee Name** and **Address**.
- b. Select the country/territory of residence in the **Payee Country/territory** dropdown then click **Continue with payment**.

Key in the IBAN (at the Account Number field) or Swift Code (at the Other Details field) if the receiving bank requires it.

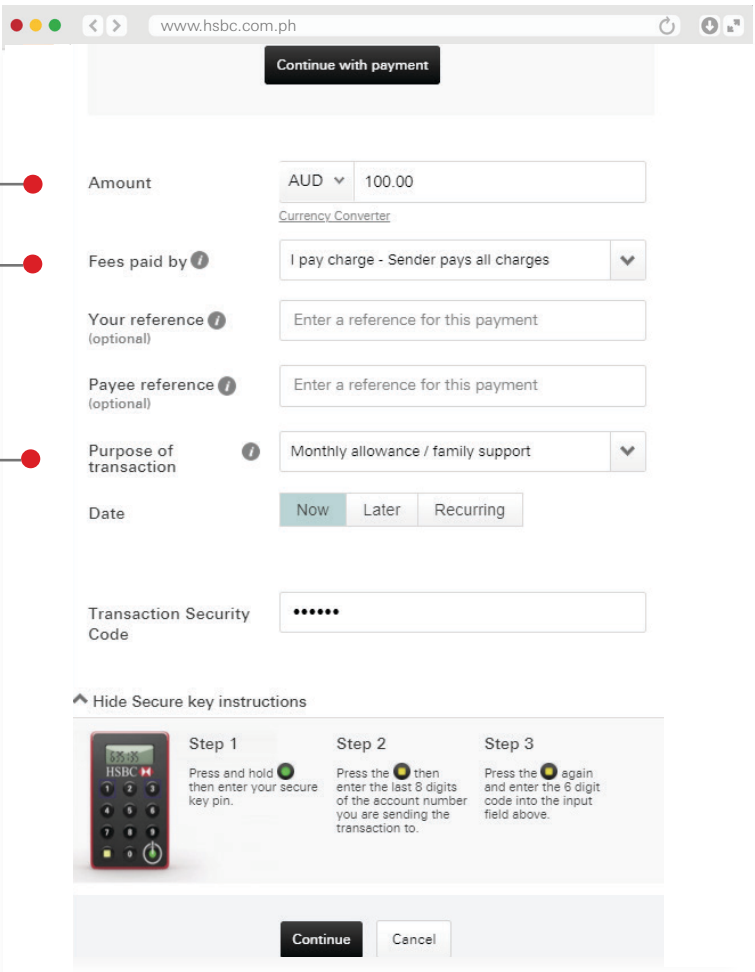

6 Enter the **Amount** and select the currency from the dropdown list.

7 Under the **Fees paid by** field, choose between "I pay charge – Sender pays all charges" or "You pay charge – Sender pays local HSBC charges Payee pays the other bank charges"

8 Select the **Purpose of transaction** from the dropdown list.

9 Follow the on-screen instructions to generate the security code. Click **Continue**.

10 Review the details then click **Confirm**. You'll receive a confirmation that transfer was successful.
