- With Secure Key vs. Without Secure Key ▶

Get started: How to register

Get started: Secure Key

Benefits of having your Secure Key

Your Secure Key is your best tool to protect your finances.

Enhanced security against online fraud

Provides an extra layer of protection with two-factor authentication to log in and perform sensitive transactions like moving money to third parties.

Peace of mind

Now protecting more transactions and constantly validating only you are making them.

Small and portable

Smaller than a credit card and slimmer than the previous Secure Key, it should easily slide into your pocket or wallet.

Easy-to-use

Just switch it on, enter your Secure Key PIN, and it'll give you a unique, one-off six digit passcode to use each time you log on.

How to order

Free when you register to online banking, just follow these steps to have your own:

- 1 Log in to your account at www.hsbc.com.ph using your memorable answer and password (**Without Secure Key** type of log on).
- 2 Click on your name at the top Menu bar then click **Manage Secure Key**.
- 3 Follow the on-screen instructions to place an order and choose between picking it up at one of our branches or having it delivered to you.
- 4 Once you receive your Secure Key, prepare to **set it up**.

Get started: Setting up your Secure Key

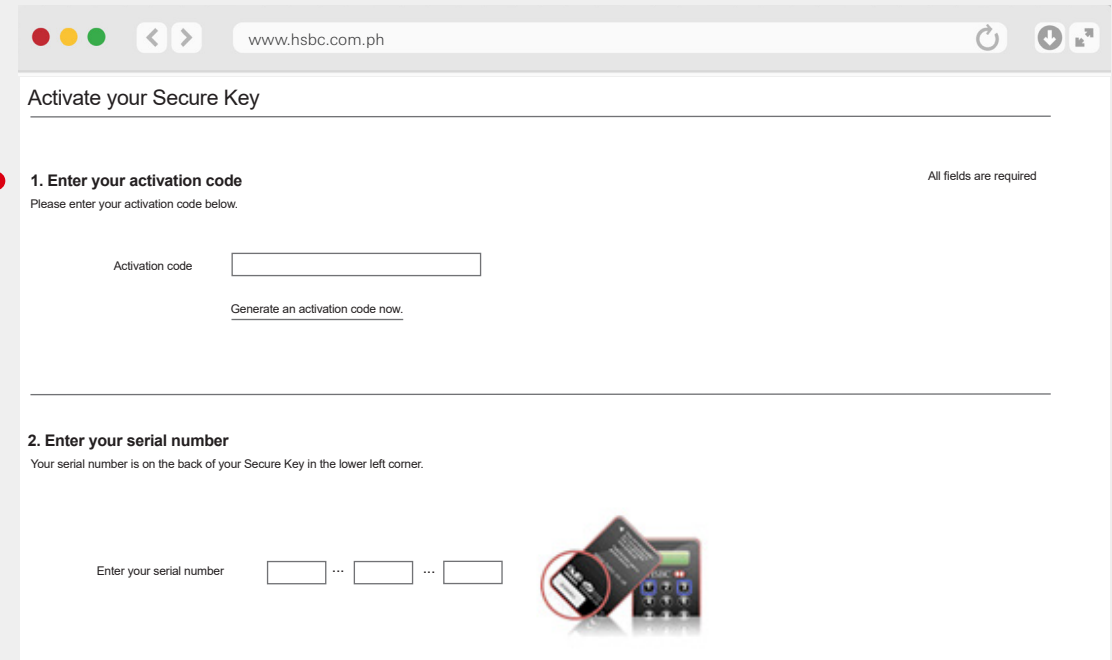

1 After you register for online banking, log in to your account at www.hsbc.com.ph and simply follow the on-screen instructions to begin setting up your HSBC Secure Key.

2 You will be led to the **Activate your Secure Key** page. Click on **Generate an activation code now** (this will be sent to your registered mobile number) and enter the code on the field.

3 Enter your device's serial number found at the back.

4 Create your Secure Key PIN.

5 Generate a security code by clicking on  while the screen displays HSBC. Enter the code on the field. Click **Continue**.

Turn on your device by pressing and holding . **New PIN** will be displayed on screen.

Tip: The Secure Key does not have an off button. After 30 seconds of inactivity, the device will automatically switch off.

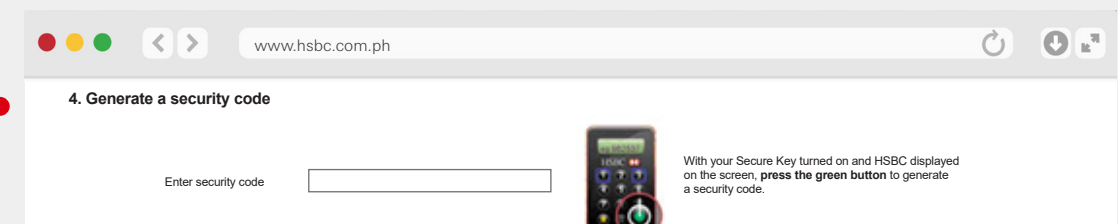

Enter a 6-digit PIN of your choice. This PIN will be your password everytime you use the device. After you enter your PIN, **PIN CONF** will be displayed on screen. Press  to continue.

Confirm your PIN by re-entering it into the device. You'll then see **NEW PIN CONF** and **HSBC** displayed on screen. Your device is now ready to generate a security code.

Tip: If unsuccessful, press  to return to Step 1

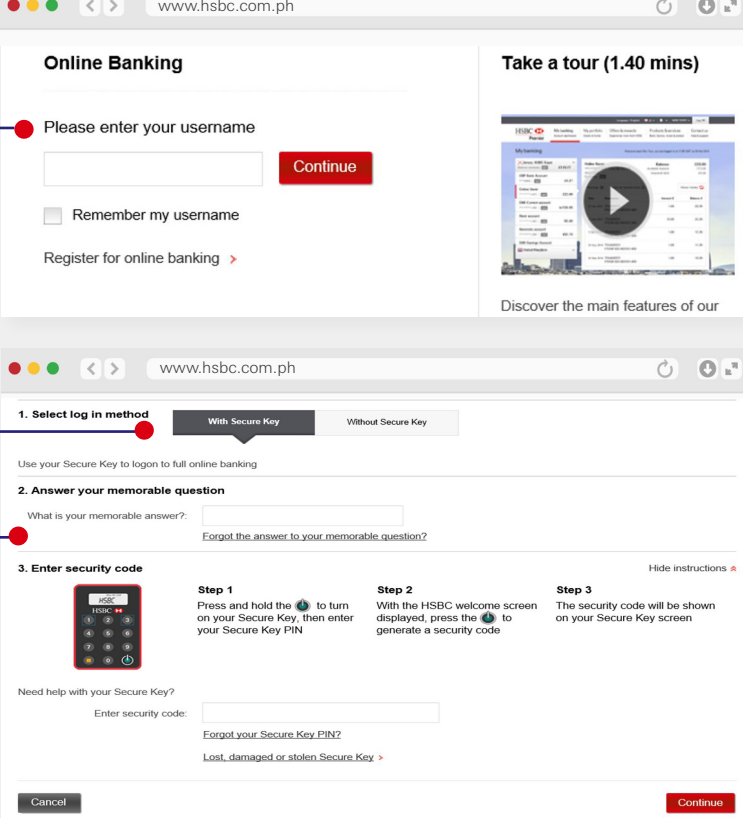

Get started: Logging In

There are two ways you can log in.

With your Secure Key

Here you'll need your **memorable answer** and **Secure Key PIN** to log in.

- 1 Log in to your account at www.hsbc.com.ph with your username.
- 2 Click the **With Secure Key** tab.
- 3 Follow the on-screen instructions to input your memorable answer and security code.
- 4 Click **Continue**.

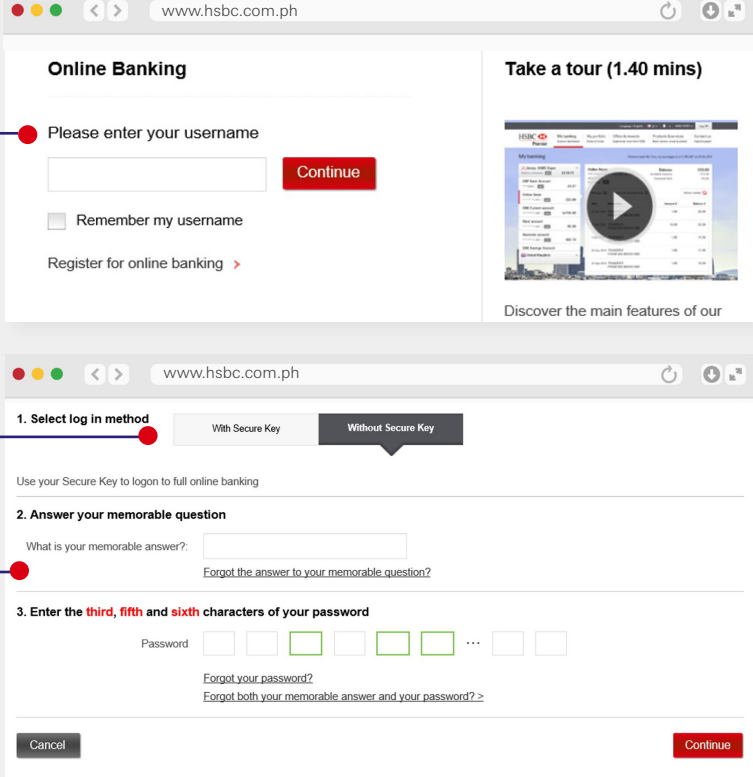

Set up **SMS alerts** to keep up to date with your account. After logging in, just select the drop-down next to your name at the top menu bar. Select **Notification settings** to see and choose your options. HSBC Premier customers get 5 free alerts per month, and succeeding alerts are charged at PHP2 each.

Without your Secure Key

Here you'll need your **memorable answer** and **password** to log in.

- 1 Log in to your account at www.hsbc.com.ph with your username.
- 2 Click the **Without Secure Key** tab.
- 3 Follow the on-screen instructions to input your memorable answer and password.
- 4 Click **Continue**.

We recommend using your Secure Key when you log in so you can do any transaction that you need to do online successfully. Click [here](#) to find out what you can do with and without your Secure Key.

Move Money

Move Money

Local Transfers on your browser
Click [here](#) for Local Transfers on your app

For a list of cut off and processing times per currency, click [here](#).

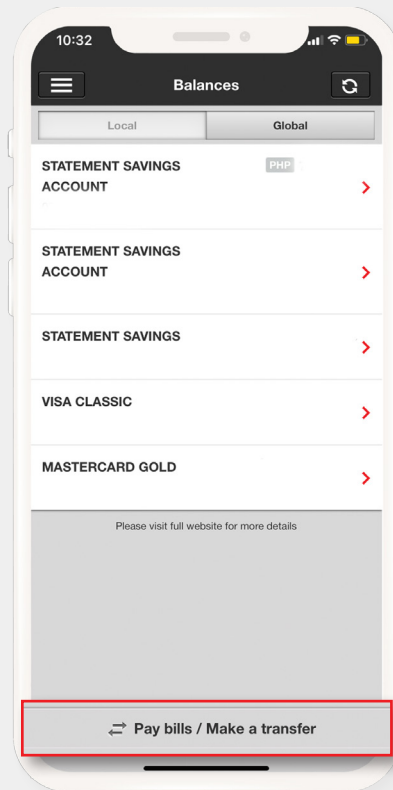

Move Money

International Transfers on the app
Download the app [here](#)

Ready the correct details needed to make sure your international transfer is a success.
Ask your beneficiary to provide you with the IBAN or Swift Code of the receiving bank if the receiving bank requires it.

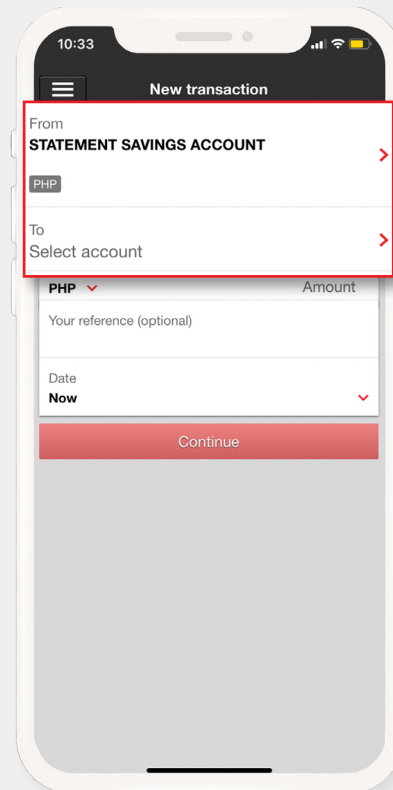

1

Open the HSBC Mobile Banking app and log in using your Secure Key.
Tap on **Pay bills/Make a transfer** at the bottom of the home screen.

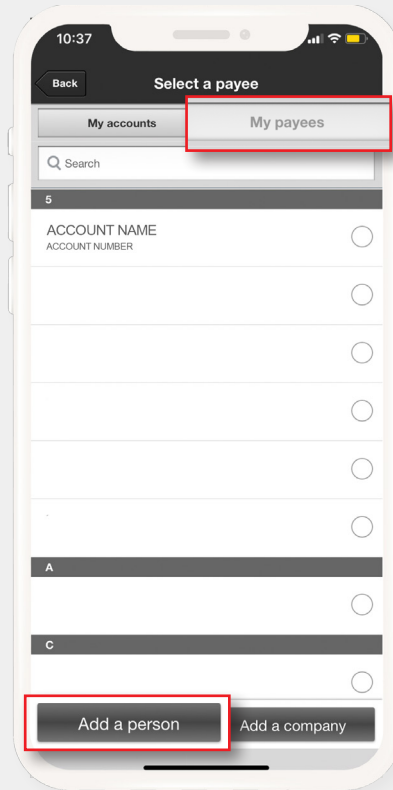

2

Choose the account you'll send money from then tap **Select account**.

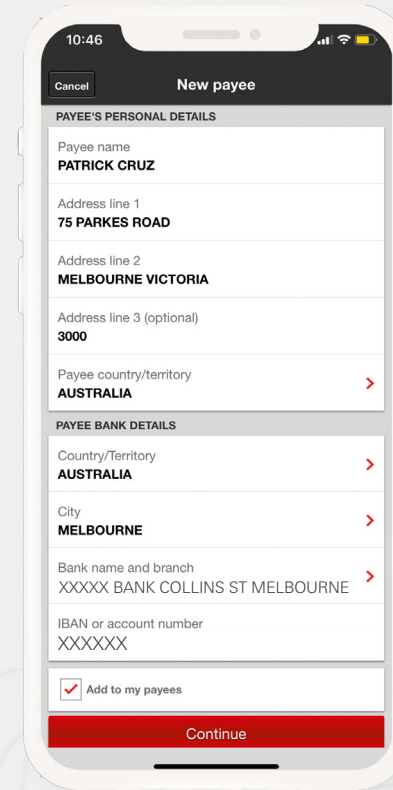

3

Tap on **My payees** then **Add a person**.

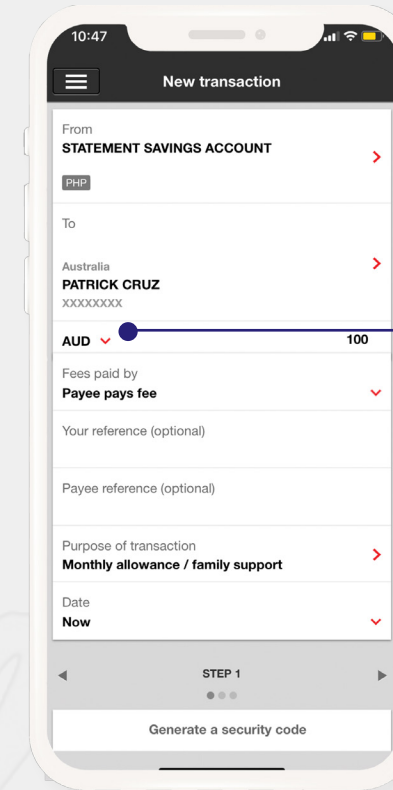

4

Search and select the **Country** you are transferring to then fill out the rest of the required information (including the **City** and **Bank Name & Branch**). Key in the IBAN (at the Account Number field) or Swift Code (at the Other Details field) if the receiving bank requires it.

5

Follow the on-screen instructions to generate the security code.
Tap **Continue**.

6

Review the details then tap **Confirm**.

Tip: Remember to choose the correct currency when writing the amount.

For a list of cut off and processing times per currency, click [here](#).

Move Money

to Saved Payees

On your browser

Log in to www.hsbc.com.ph using your Secure Key.

From the **My Banking** menu, click **New payment or transfer**.

Choose the account you'll send money from then click **My Payees**.

Search and select the name of the payee you want to send payment to.

Fill out the rest of the required information and click **Continue**.

Review the details then click **Confirm**.

The screenshot shows the 'New transaction' form on the HSBC website. It includes fields for 'From' (Statement Savings Account), 'To' (My payees), 'My payees' (Patrick Cruz), 'Branch Name' (P. Guevarra San Juan), 'Amount' (1,000.00 PHP), 'Your reference' (optional), and 'Date' (Now, Later, Recurring). A 'Continue' button is at the bottom.

On the app

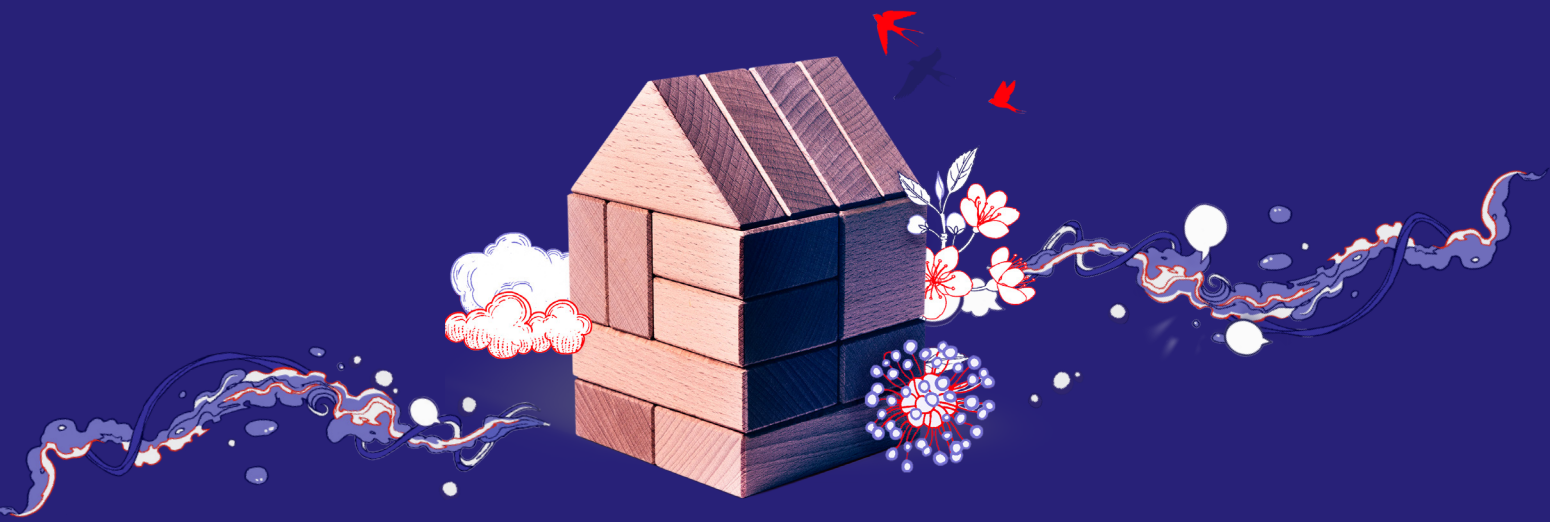

Download the app [here](#)

Open the HSBC Mobile Banking app and log in using your Secure Key. Tap on **Pay bills/Make a transfer** at the bottom of the home screen.

Choose the account you'll send money from then tap **Select account**.

Tap on **My payees** then choose the payee from your list.

The mobile app screenshots show the following steps: 1. Home screen with 'Pay bills / Make a transfer' highlighted. 2. 'New transaction' screen with 'From' account selected. 3. 'Select a payee' screen with 'My payees' highlighted. 4. 'New transaction' screen with all details filled out. 5. 'Verify' screen with 'Confirm' button highlighted.

Pay Bills

Pay Bills

On your browser

Log in to www.hsbc.com.ph using your Secure Key.

From the **My Banking** menu, click **New payment or transfer**.

Choose the account you'll send money from then click **New Payee**, then **Company**.

Search and select the name of the company/merchant you want to send payment to. Under **Company reference**, write the account number.

Fill out the rest of the required information and click **Continue**.

Review the details then click **Confirm**.

The screenshot shows the 'New transaction' form on the HSBC website. It includes fields for 'From' (Philippines MasterCard Gold), 'To' (My payees), 'Payee Type' (Company), 'Find a company' (COMPANY XXXXX), 'Company reference' (XXXXXXXX), 'Amount' (PHP 1,000.00), 'Your reference (optional)', and 'Date' (Now, Later, Recurring). A 'Continue' button is at the bottom.

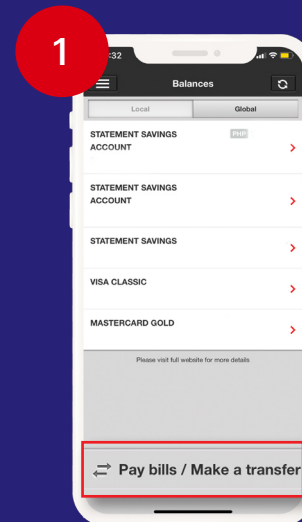

Tip: You can choose your HSBC Credit Card to make payments online. Make sure your merchant accepts credit card payments.

Click [here](#) for a list of companies/merchants you can transfer to. Check first with your biller/merchant on the correct Company reference account that should be written.

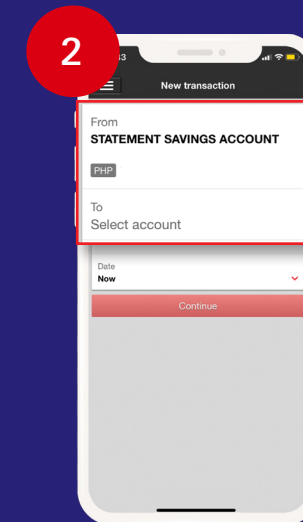

On the app

Download the app [here](#)

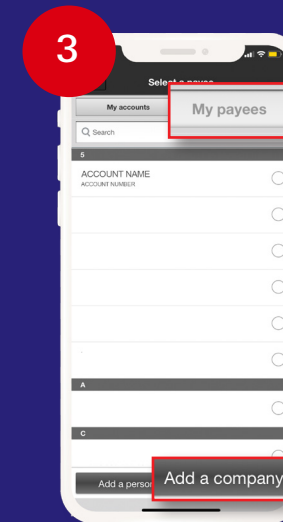

Open the HSBC Mobile Banking app and log in using your Secure Key. Tap on **Pay bills/Make a transfer** at the bottom of the home screen.

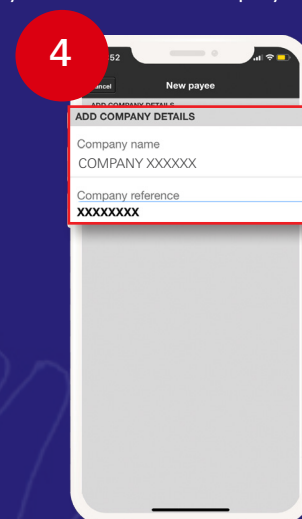

Choose the account you'll send money from then tap **Select account**.

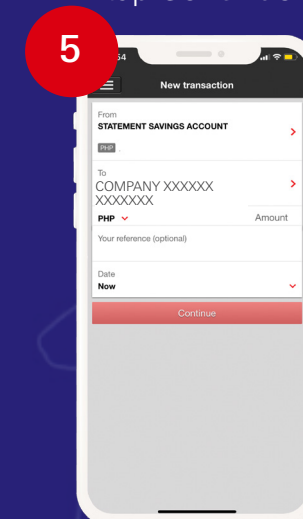

Tap on **My payees** then **Add a company**.

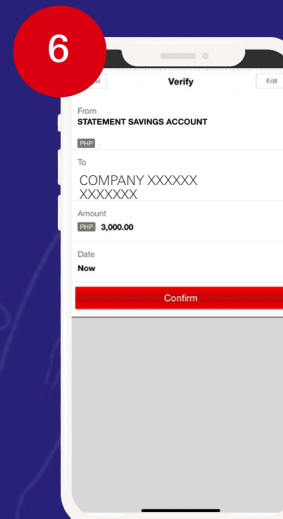

Search and select the name of the company/merchant you want to send payment to.

Fill out the rest of the required information and tap **Continue**.

Review the details then tap **Confirm**.

Global View

Link your HSBC offshore accounts from your browser

Log in to www.hsbc.com.ph using your Secure Key.

From the My Banking menu, click **Add country/territory to Global View** under **Global View**.

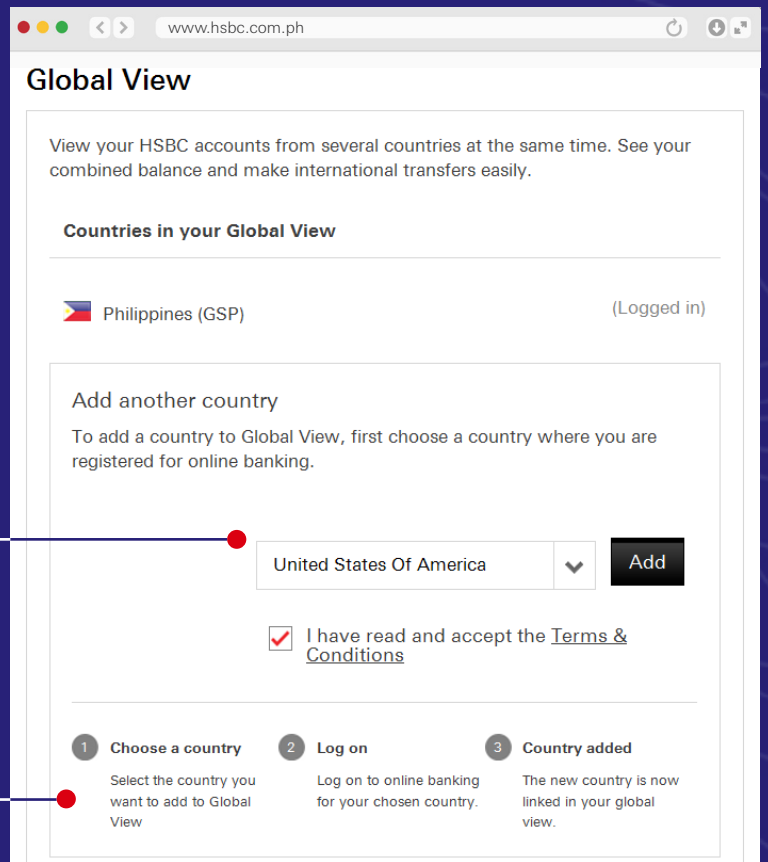

Search and select the country to be linked then click **Add**.

Follow the on-screen instructions to link your profile and complete the Global View registration.

Tip: You can only link HSBC offshore accounts that you opened under your name

Global Transfers

Resetting your log-in details

Forgot my Secure Key PIN

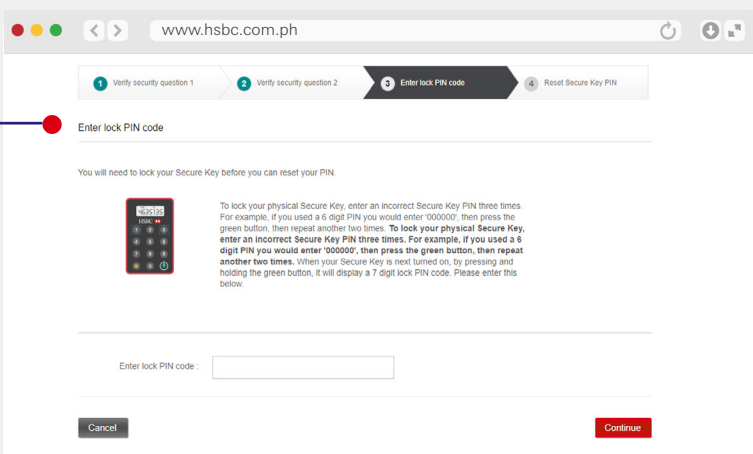

Go to the log in screen and enter your username. In the log in details page, click **Forgot your Secure Key PIN?**

Answer the two security questions.

Follow the on-screen instructions to complete the reset process.

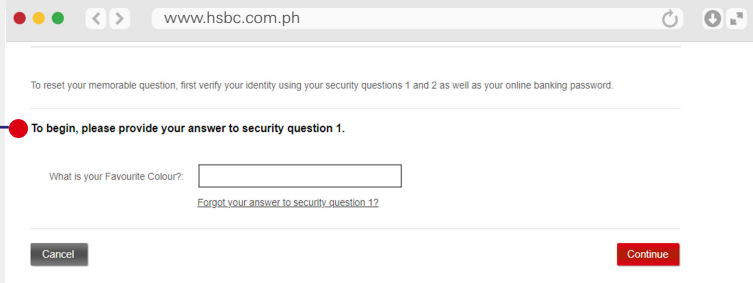

Resetting your log-in details

Forgot my Password

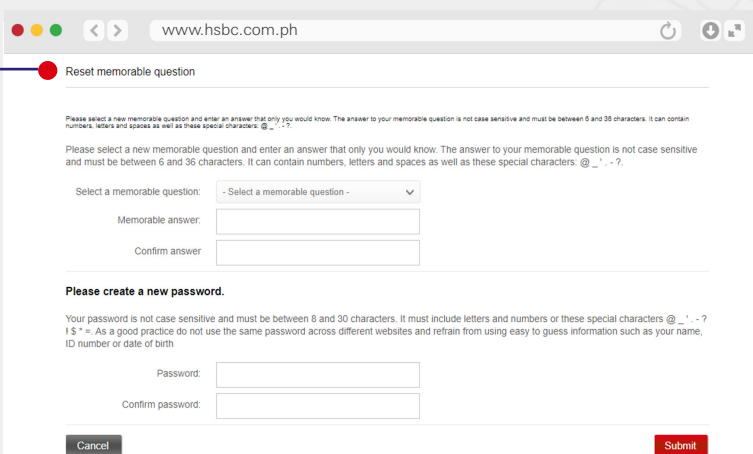

Go to the log in screen and enter your username. In the log in details page, click **Forgot your password?**

Answer the two security questions.

Follow the on-screen instructions to complete the reset process.

Resetting your log-in details

Forgot at least two of my log-in details

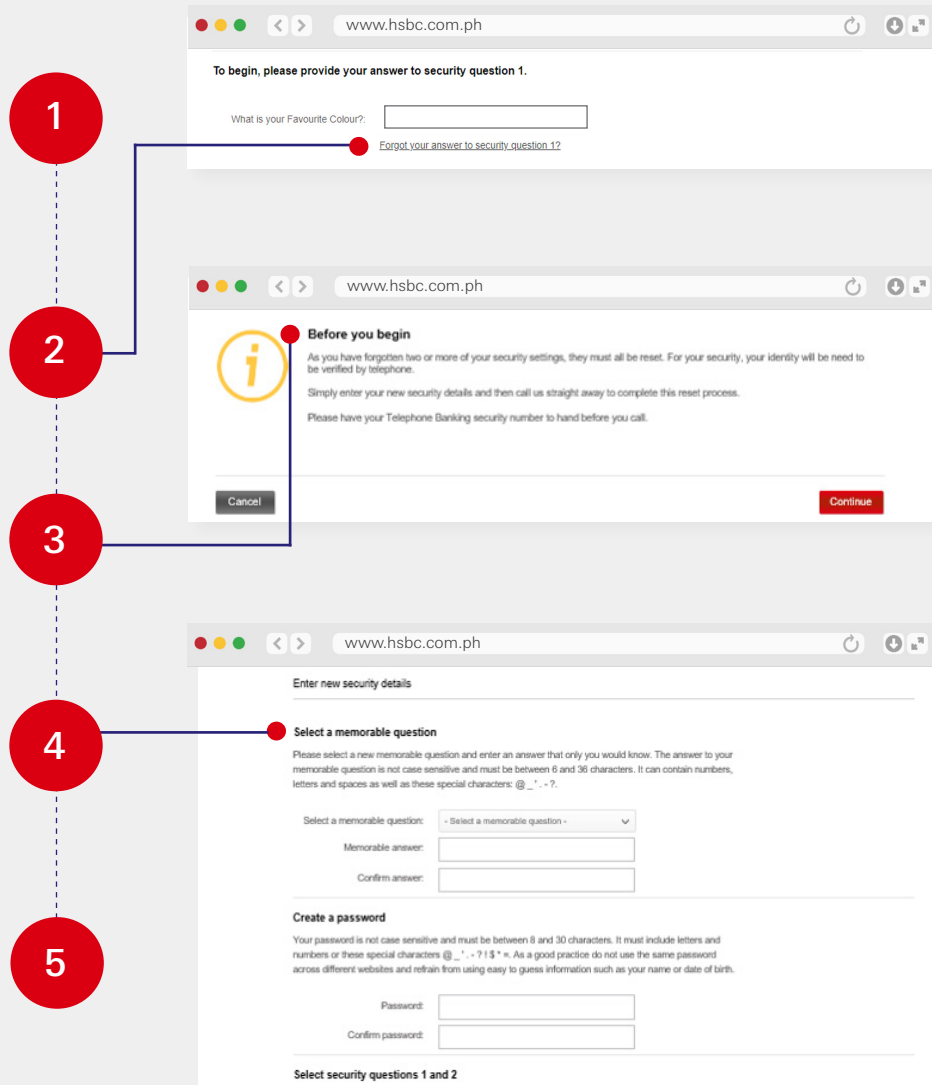

Go to the log in screen and enter your username. In the log in details page, click either **Forgot the answer to your memorable question?** or **Forgot your Secure Key PIN?**

Click **Forgot your answer to security question 1?**

Read through the **Before you begin** page then click **Continue**.

Follow the on-screen instructions and fill out the required information to reset your security details. Click **Continue**.

Take note of your **reset reference number** shown on the confirmation screen. Call us so we can help you in completing the reset.

Unable to transfer

If you have enough funds but your transfers are not going through, your account's transfer limits might be the issue. Check your limits through these steps:

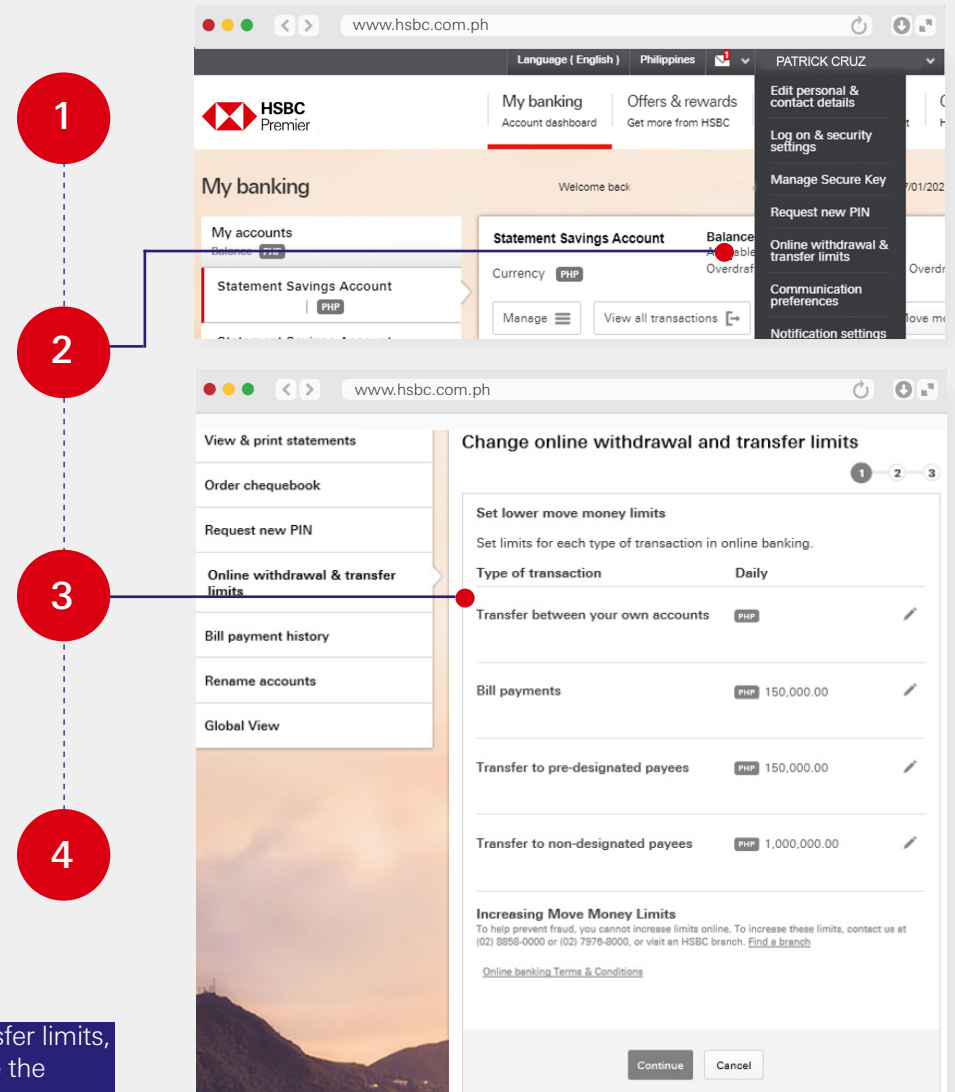

Log in to www.hsbc.com.ph using your Secure Key.

Click on your **name** at the top menu bar then click **Online withdrawal & transfer limits**.

You'll find your limits for each type of transaction. If your limit is set to **0** it means your account has been inactive for the past 12 months.

Request for an increase in your limit by **sending a Secure message**.

Tip: If you want to lower your transfer limits, just click on the pen icon and write the lower amount. Click **Continue** to save.

Replacing your Secure Key

If it is lost

- 1 Call us or talk to your Relationship Manager to report your Lost Secure Key.
- 2 Request for a replacement.

If it is low on battery

When your Secure Key no longer responds or shows **batt 5, batt 4** or so, it's time to replace it.

- If your Secure Key shows **batt 5, batt 4** or so, [send us a Secure Message](#) to request for a replacement. Let us know through your message what your Secure key's screen shows.
- If your Secure Key no longer responds when you press , call us or talk to your Relationship Manager to request for a replacement.

Activating your replacement Secure Key

- 1 Create your Secure Key PIN. You can check [Step 4 of Setting up your Secure Key](#) for the step-by-step process.
- 2 If you picked up your Secure Key from the branch, your Relationship Manager can link your new Secure Key to your account on-site at the branch. If you had your Secure key delivered, simply call us and we'll link your new Secure Key during our call.

With Secure Key vs. Without Secure Key

Keep your Secure Key in hand for an easier online banking experience. In cases you don't have it, here are some transactions you can still do successfully:
